Virtual Parent and Carer Meetings

Dear Parents and Carers,

One of the many adaptations we've made this year has been in how we share information with you regarding your child's new class and curriculum. While we would usually invite parents and carers into school to meet teachers in person, this year we have taken our presentations online.

You can find a video presentation and PDF of information on our school website to watch and read. These have been recorded by and uploaded by each class teacher. The videos cover all of the important information for this year including, among other things, the texts being studied, our code of conduct and details about PE. We hope that you find these videos useful and they will continue to be available for you to refer back to as necessary.

Our school website is: <https://davidlivingstone-academy.org>

When you click on the 'Home Learning' scroll bar at the top of the home page, it will open a screen of folders in 'OneDrive'. Please go into the folder 'Home Learning 2020-21'.

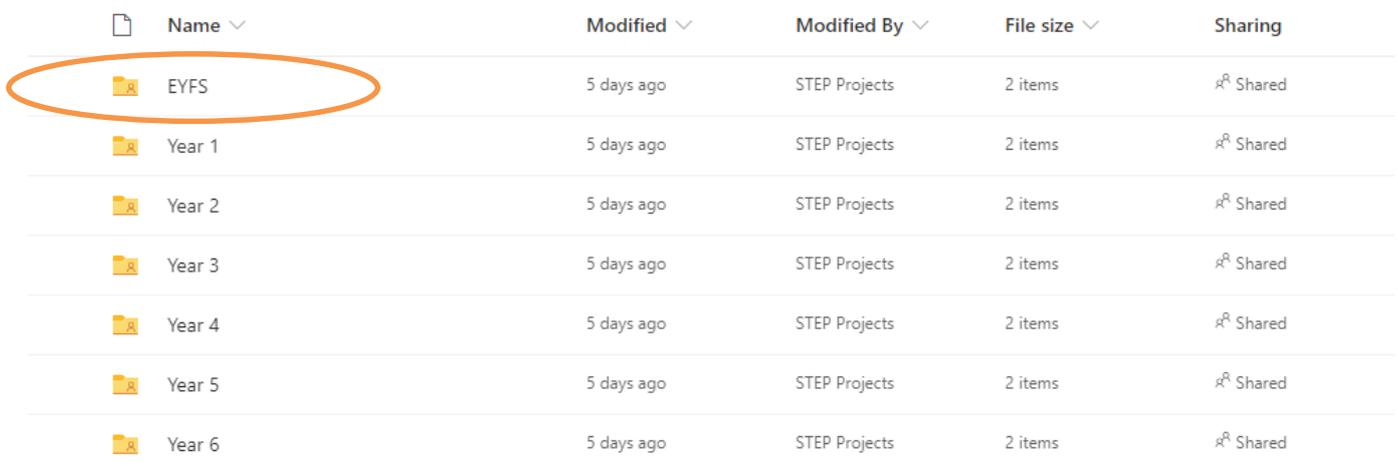

The screenshot shows the OneDrive interface for David Livingstone Academy. The breadcrumb path is 'Files > Academy Website Documents > David Livingstone Academy'. A table lists the following folders:

From here, click on your child's year group folder.

As you will see, there is a folder for two weeks of home learning which will be populated in the coming days. This will have specific work set by each class teacher and is aimed to support any children having to self-isolate for 14 days.

Please let your child's class teacher know if you have any difficulty accessing the videos or any further questions after watching. As always, thank you for your continued support while we negotiate the changing government measures; your patience and understanding is appreciated.

Yours sincerely,

Miss Mitchell
Interim Head of School
