Sports Day	£260
Minibus/Staff	£600
Swimming Lessons	£1500
Sports trips/Extracurricular activities	£6,200
TOTAL	£18,000

What is the Sports Premium?

The Government in England has provided additional funding of over £150 million per annum since 2013/14 to improve PE and school sport in primary schools. The money goes directly to Headteachers to enable them to improve the quality of PE and sport for all children. Each school receives £16,000 plus £10 per pupil in years 1 to 6. At David Livingstone Academy, we will receive £18,060 in 2020/21. Schools must spend this on improving their sports and PE provision, but can choose how to do this.

Our main objectives:

At David Livingstone Academy, we have a dedicated Sports Coach who is responsible for high-quality Physical Education provision and instruction. Our PE curriculum aims to ensure that all children are physically active for regular and sustained periods of time, and make progress and develop their skills across a range of activities and sports. We aim to increase the participation rate in sporting clubs such as football and handball across the academy that take place before and after school. These clubs provide the opportunity for children to engage in team activities within smaller groups. Pupils in Years 3 to 6 have a half term of weekly swimming lessons which are subsidised by our Sports Premium Funding. Children take part in athletics and other sporting events within the local authority and we have made links with Crystal Palace Football Club to access workshops and events. We wish our pupils to become confident in competitive and individual sports and to gain knowledge to support their health and fitness. At David Livingstone, we hope that this will provide them with the chance to discover new talents, aptitudes and preferences while learning to make positive choices about physical activity.

Our Sports Grant will be used to:

- Project a positive image of the Academy when competing against other schools. Focussing on team spirit, good sportsmanship and positivity.
- Develop and enrich our current PE curriculum through swimming sessions in Years 3 to 6.
- Ensure that equipment is safe, practical, usable and in a good condition.
- Participate in competitions within our local area and within STEP Academy Trust.
- Introduce new forms of sport/exercise.
- Identify pupils that will benefit from sport to manage their emotions.
- Ensure every child has the opportunity to take part in a sporting activity/PE and not accepting pupils not having a PE kit as an excuse not to take part.
- Provide an opportunity to showcase our sporting talents to our parents and staff (Sports Day).
- Develop the practice of current teachers in the teaching of PE and healthy lifestyles
- Ensure that 75% of our Year 6 cohort reach a satisfactory level of competence in swimming and understanding of water safety.
